

## Announcement

### Properties of certain aluminium electrolytic capacitor series manufactured by Nantong Jianghai Capacitor Co., Ltd.

We hereby confirm that the screw terminal aluminum electrolytic capacitors series<sup>(1)</sup>, and the snap-in aluminum electrolytic capacitors series<sup>(2)</sup> comply with the applicable IEC60384-4 industry standard.

Under reasonably foreseeable conditions, in particular within the permissible operating conditions as specified in the respective datasheet, the aforementioned products show an insignificant probability for short circuit failure during their useful lifetime.
