

Announcement

about

Regulation (EC) no. 1907/2006 (REACH)
(Registration, Evaluation, Authorisation of Chemicals)

This announcement documents that neither registration nor notification for any substances in our products according to Articles 7(1) and 7(2) of the REACH regulation is required, because under reasonably foreseeable conditions, no substances are intentionally released from **Jianghai aluminum electrolytic capacitors**.

Information regarding Substances of Very High Concern according to REACH Art. 33

The candidate list according to article 59 (1, 10) of regulation (EC) no. 1907/2006 (REACH) was published October 28th, 2008 on the website of the European Chemicals Agency (ECHA). The candidate list was last amended on January 12th, 2017, and can be downloaded at

<https://echa.europa.eu/candidate-list-table>

Determining whether any of our products contain more than 0.1 percent by weight of the candidate substances is an ongoing process. In this process it has been found that all **Jianghai aluminum electrolytic capacitors** do not contain such substances with more than 0.1 % weight by weight (w/w).

To the present and best of our knowledge and based on the information available to us from our suppliers, our current products offered, except those to listed, do not contain added substances of very high concern (SVHC) as defined in the amended candidate list of January 12th, 2017, above a limit of 0.1 % w/w. Should our state of knowledge change, we shall inform you accordingly.

3rd February, 2017

Nantong Jianghai Capacitor Co., LTD.

A handwritten signature in black ink, appearing to be the name "Lu Jun", written in a cursive style.
