

Customer Information

April 2007

Herewith Jianghai is informing about the change of following products in Europe:

- **Withdrawal of Series** $CDVS_{BS}$, **Availability only on request**
- **Withdrawal of Series** $CDVH_{VH}$, **Availability only on request**
- **Withdrawal of Series** $CDVZ_{VZ}$, **Availability only on request**

Description of the change:

Due to the changed requirements for leadfree soldering process of SMD electrolytic capacitors, this type of surface mount products has lost extremely in attractiveness in Europe. As a consequence Nantong Jianghai has decided to stop deliveries of standard SMD electrolytic capacitors from Zhuhai plant. As the number of involved products in Europe is very few, Jianghai decided to stop these product lines immediately. Please contact your local sales office for additional information or assistance to find alternative solutions.

Excluded Components: SMD-Polymer Capacitors from Jianghai are NOT involved and still available.

Withdrawal of Series $CDVS_{BS}$

Do not use for new design in:	Immediately
Samples:	No longer available
Orders:	Only on special request
No deliveries accepted after:	1. August 2007

Withdrawal of Series $CDVH_{VH}$

Do not use for new design in:	Immediately
