

南通江海电容器股份有限公司  
Nantong Jianghai Capacitor Co., Ltd

## Announcement

Dear partners:

In 2018, on the evening of August 8, Jiangsu Rongshen, a subsidiary of Jianghai Group, a fire broke out due to electrical equipment failure, causing damage to part of production line of the first phase of Rongshen factory. Neither casualty nor adverse effect on the environment were reported in the accident.

Our company has initiated the emergency plan. We expect that, at this time, the full production be resumed in 2 to 3 months.

Thanks to our years of multi-source raw material strategy, the supply of the raw material is fully secured. During the recovery period of the Rongshen's production line, the gaps of required raw materials will be filled by increasing the share of other approved vendors by Jianghai.

Sincerely ,

Nantong Jianghai Capacitor Co., Ltd.
